

# Standard Square Layout

## Key

-  Vocal Mic
-  Instrument Mic
-  Instrument Mic to Subwoofer if available
-  Instrument Channel XLR (band has DI's)

## Notes

- House mix in all Monitors
- Our Cajun style songs are played in an acoustic style similar to bluegrass while our Zydeco style songs are played in a heavier electric style similar to an R&B club mix.
- A visual clue for Zydeco style songs is when the base player is playing the electric base.
- To help switch between these styles and instruments, we use A/B foot switches. Drummer switches on Kick Drum mic when Zydeco

**Audience /  
Front of House**

## Counts

- 4 Vocal Mics & Channels
- 3 Instrument Mics & Channels
